This is the first book to examine the relationship between English nationalism, Brexit and 'the Anglosphere' - a politically-contested term used to denote English-speaking countries sharing cultural and historical roots with the UK. In the aftermath of the UK's EU referendum some pointed to a 'revolt' of those 'left behind' by globalisation. Ben Wellings argues instead that Brexit was and is an elite project, firmly situated within the tradition of an expansive English nationalism. Far from being parochial 'Little Englanders', elite Brexiters sought to replace the European Union with trade and security alliances between 'true friends' and 'traditional allies' in the Anglosphere. Brexit was thus reassuringly presented as a giant leap into the known. As the UK's future relationship with the rest of the world is negotiated, the need to understand this 'English moment' has never been more pressing.

A classic tale by Newbery Medalist Kate DiCamillo, America's beloved storyteller. One summer's day, ten-year-old India Opal Buloni goes down to the local supermarket for some groceries - and comes home with a dog. But Winn-Dixie is no ordinary dog. It's because of Winn-Dixie that Opal begins to make friends. And it's because of Winn-Dixie that she finally dares to ask her father about her mother, who left when Opal was three. In fact, as Opal admits, just about everything that happens that summer is because of Winn-Dixie. Featuring a new cover illustration by E. B. Lewis and an excerpt of Kate DiCamillo's newest novel, Raymie Nightingale.
