Google's ChromeBook has been around for a good number of years now, but it has mostly taken a backseat to the company's stable of Android devices. With the recent release of the next generation of ChromeBooks, Google is finally giving this new computing platform the attention it deserves, and it will grow by leaps and bounds in the years to come. This book is a second edition. It provides you with all you really need to optimize ChromeBook. You'll be guided through (1) Setting up ChromeBook (2) Exploring ChromeBook tips and tricks (3) optimizing ChromeBook games and apps (4) troubleshooting for ChromeBook (5) impressive Chromebook shortcuts and lots more. Buy this guide now with a single click.

Lawrence Lessig, “the most important thinker on intellectual property in the Internet era”, masterfully argues that never before in human history has the power to control creative progress been so concentrated in the hands of the powerful few, the so-called Big Media. Never before have the cultural powers-that-be been able to exert such control over what we can and can't do with the culture around us. Our society defends free markets and free speech; why then does it permit such top-down control? To lose our long tradition of free culture, Lawrence Lessig shows us, is to lose our freedom to create, our freedom to build, and, ultimately, our freedom to imagine.

The Last Apprentice series follows the terrifying adventures of the Spook's apprentice, Thomas Ward. But Tom's is only one story. There are others. . . . The Spook himself was once an apprentice. How did he begin his training? And what of Alice, the young witch who is Tom's closest ally? How did she overcome her dark past? What did the witch assassin Grimalkin do to become the most deadly and feared witch in the county? And, collected in a gallery of horrors, discover the rest of the county's menacing villains and relive the vicious battles waged against them. Enter a land where creatures of the dark creep out of the shadows. Do you dare?

A memoir by the mustachioed baseball pitcher who went playing rocky, trash-ridden fields in Castro's Cuba to becoming a Boston Red Sox legend. Luis Tiant is one of the most charismatic and accomplished players in Boston Red Sox and Major League Baseball history. With a barrel-chested physique and a Fu Manchu mustache, Tiant may not have looked like the lean, sculpted aces he usually played against, but nobody was a tougher competitor on the diamond, and few were as successful. There may be no more qualified twentieth-century pitcher not yet enshrined in the National Baseball Hall of Fame. His big-league dreams came at a price: racism in the Deep South and the Boston suburbs, and nearly fifteen years separated from a family held captive in Castro's Cuba. But baseball also delivered World Series stardom and a heroic return to his island home after close to a half-century of forced exile. The

man whose name—"El Tianté"—became a Fenway Park battle cry has never fully shared his tale in his own words, until now. In *Son of Havana*, Tiant puts his heart on his sleeve and describes his road from torn-up fields in Havana to the pristine lawns of major league ballparks. Readers will share Tiant's pride when appeals by a pair of US senators to baseball-fanatic Castro secure freedom for Luis's parents to fly to Boston and witness the 1975 World Series glory of their child. And readers will join the big-league ballplayers for their spring 2016 exhibition game in Havana, when Tiant—a living link to the earliest, scariest days of the Castro regime—threw out the first pitch.
