diverse as business, law, the airline industry, and teacher education. This book explores the testing of language for sepcific purposes (LSP) from a theoretical and a practical perspective, with a particular focus on the testing of English for business purposes. A range of tests - both past and present - is reviewed, and the development of business English testing at Cambridge ESOL is discussed. The description of the revision of the Business English Certificates (BEC) forms a major part of the book and offers a unique insight into an approach to large-scale
