But many still need time to become acclimated ... While he's far from a speed demon, he possesses the instincts, the toughness and the technique to shine. While he was PFF's 76th-ranked prospect ...

The gods have much to tell us about performance. When human actors portray deities onstage, such divine epiphanies reveal not only the complexities of mortals playing gods but also the nature of theatrical spectacle itself. The very impossibility of rendering the gods in all their divine splendor in a truly convincing way lies at the intersection of divine power and the power of the theater. This book pursues these dynamics on the stages of ancient Athens and Rome as well as those of Renaissance England to shed new light on theatrical performance. The authors reveal how gods appear onstage both to astound and to dramatize the very machinations by which theatrical performance operates. Offering an array of case studies featuring both canonical and lesser-studied texts, this volume discusses work of Aeschylus, Sophocles, Euripides, Aristophanes, and Plautus as well as Beaumont, Heywood, Jonson, Marlowe, and Shakespeare. This book uniquely brings together the joint perspectives of two experts on classical and Renaissance drama. This volume will appeal to students and enthusiasts of literature, classics, theater, and performance studies.

"S. D. Chrostowska achieves unexpected buoyancy in spite of the intensity of her material. Permission, certain to be among the most formally adventurous books published this year, will thrill readers of fearless stylists like Blanchot, Barthes, and Anne Carson. In its obsessive intricacy, it evokes even earlier forbears: those wonderfully melancholy European humanists, Thomas Browne and Robert Burton.'Every Library is a haunted cemetery,' writes F. Wren, the narrator of Permission. This fine and perplexing novel is itself something between a library and a cemetery, spinning around the hauntings of desire, the confusions of memory, the ambiguities of solitude and, above all, the mystery of writing." - Teju Cole An unnamed, unemployed, dream-prone narrator finds himself following Chevauchet, diplomat of Onirica, a foreign republic of dreams, to resist a prohibition on sleep in near-future America. On a mission to combat the state-sponsored drugging of citizens with uppers for greater productivity, they traverse an eerie landscape in an everlasting autumn, able to see inside other people's nightmares and dreams. As Comprehensive Illusions - a social media-like entity that hijacks creativity - overtakes the masses, Chevauchet, the old radical, weakens and disappears, leaving our narrator to take up Chevauchet's dictum that "daydreaming is directly subversive" and forge ahead on his own. In slippery, exhilarating and erudite prose, The Eyelid revels in the camaraderie of free thinking that can only happen on the lam, aiming to rescue a species that can no longer dream.

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)
