Rogers and McKim, in their 1979 book, The Authority and Interpretation of the Bible: An Historical Approach, advanced the view that the Bible has authority over social endeavors (issuing imperatives for conduct, for church organization, and for articles of faith) but isn't necessarily reliable in its reportage of historical events and scientific facts. The belief that Scripture is "inerrant" in matters of history and science, argued Rogers and McKim, constituted a 19th-century innovation.
