Big Pharma: Exposing the Global Healthcare Agenda by Jacky Law. 3.63 · Rating details · 68 ratings · 7 reviews Last year, the pharmaceutical industry had sales in excess of 300 billion. Clearly, we all pay in one way or another — whether by buying drugs directly or through taxation. But it is less clear if we are getting value for our money.

Big Pharma: Exposing the Global Healthcare Agenda by Jacky Law

There are a lot of subject matters in which the two books overlap: nutritionists, alternative medicine, the corrupt and unethical behavior of big pharmaceutical companies, the problems with scientific studies and popular understandings of the placebo effect, SSRIs, Vioxx, the priorities of medical research, the troubled relationship between doctors and drug companies, and the contrast between Europe and the United States.

Big Pharma: Exposing the Global Healthcare Agenda: Amazon ...

In what is both a diagnosis and a recommended course of treatment, Big Pharma reveals a world where market considerations, not medical need, are determining the research agenda. The author points to a future where the public and the medical profession once again have a voice in the kind of healthcare we want ? and the healthcare we pay for.

Daunting task of distribution exposed as it emerges some ...

In response to the threat of swine flu, Big Pharma giant GlaxoSmithKline (GSK) developed the Pandemrix vaccine, with disastrous consequences. An alleged sixty patients who suffered brain damage as a result of the vaccine were allocated £60 million in compensation by the UK Government. Most of the victims were children.
