BMW 8 Series 1994 Factory Workshop Service Repair Manual

The BMW 8 Series is a range of grand tourer coupes and convertibles produced by BMW. The 8 Series was introduced in 1990 under the E31 model code and was only available as a two-door coupé. It is powered by a range of naturally aspirated V8 and V12 petrol engines. The E31 started production just as E24 6 Series production ended, however it is not considered a direct successor. The E31 was discontinued in 1999 due to poor sales. The model range was later reintroduced in 2018 with the second ...

BMW 8 Series - Wikipedia

BMW 8 Series cars for sale | PistonHeads

The BMW E31 is the first generation of the BMW 8 Series. It is a grand tourer built by BMW from 1990 to 1999 powered by either a V8 or V12 engine. While it did supplant the original E24 based 6 Series in 1990, a common misconception is that the 8 Series was developed as a successor. It was actually in an entirely new model class aimed at a different market, with a substantially higher price and performance than the 6 Series.
