Passing a trademark, copyright or patent through a will or living trust can ensure the benefits of your hard work go to the people you choose. While many intellectual property owners may not realize they can pass on their property rights through an estate plan, whether you know it or not, your intellectual property could end up being much more valuable than you think.

Who Will Inherit Your Intellectual Property? | legalzoom.com

Read Book Can You Trust Your Patent Attorney 27 Questions You Must Ask Before Revealing Your Idea To Or Hiring Legal

The simple answer is no—you cannot patent an idea for an invention. The invention itself has to be produced or a patent application containing the invention must be filed with the U.S. Patent and Trademark Office (USPTO). While all inventions start with an idea, not every idea can be called an invention.

Can You Patent an Idea? | legalzoom.com

The good news is, no, it is not a disclosure that could harm the patentability of the invention. A patent attorney (including an admitted attorney, advocate and in-house counsel) has a duty to preserve confidentiality of all communications between him- or herself and you, the client. Not only does a patent attorney have a duty to preserve confidentiality, all communications are also protected by way of the legal doctrine, commonly known as legal professional privilege or legal privilege.

Insisting that a patent attorney or patent agent sign a confidentiality agreement because you do not trust the mandatory requirements placed on patent practitioners by federal regulations...

If you are planning on hiring a patent attorney, you should read this book first. Why? Because the wrong patent attorney can bleed you for thousands of dollars...waste years of your time...and...in the worst case scenario, run off with your idea. I should know. For two years I worked in a law firm that specialized in patents. And during that time I spoke with hundreds of inventors and heard some naughty secrets about other patent attorneys. From those conversations, and the questions inventors asked me, I put together this list of 27 questions and answers. They are designed to show you exactly what you must ask an attorney (or anyone for that matter) before you trust them with your idea. This book is a quick read. My hope is that it will help you find the right attorney and save you a ton of time and money in the process.

Congratulations! You have an exciting new invention you know will be snatched up by millions of eager buyers--if you can get it out of your head and onto store shelves. Now what? How can you sell your idea? Can you afford a patent? Where can you get help with prototypes? Who, if anyone, can you trust? How can you succeed if you don't know where to start? Alan Beckley, inventor of the Wonder Wallet, answers these questions and more in *Daring to Invent* -a practical step-by-step guide for moving invention dreams to successful reality. The reader will learn: * Websites you must search--to make sure your product isn't already out there* How paying for a professional patent search early can prevent wasting thousands of dollars later* Why joining a local inventor's group may be your best business decision* How to find an affordable patent attorney* Where to find affordable help with prototypes * How to decide whether to sell your product or license it for royalties Mr. Beckley has distilled 14 years of experience into a practical 8-step guide to jump start your inventing journey from idea to successful reality.

Invention Analysis and Claiming presents a comprehensive approach to analyzing inventions and capturing them in a sophisticated set of patent claims. A central theme is the importance of using the problem-solution paradigm to identify the "inventive concept" before the claim-drafting begins. The book's teachings are

Read Book Can You Trust Your Patent Attorney 27 Questions You Must Ask Before Revealing Your Idea To Or Hiring Legal

grounded in "old school" principles of patent practice that, before now, have been learned only on the job from supervisors and mentors.
