Written by a nationally-recognized authority in the field of assessment, this manual provides an introduction to basic issues in the development and administration of the MMPI-2 and MMPI-2-RF as well as a step-by-step procedure for interpreting the test. It discusses the use of the MMPI-2 with special groups and reviews the use and interpretation of critical items, special scales, and short forms. Summaries of empirical research are included in each chapter to illustrate the bases for interpretations.

Since 1958 the Maritime Administration has continuously conducted instructions in use of collision avoidance radar for qualified U.S. seafaring personnel and representatives of interested Federal and State Agencies. Beginning in 1963, to facilitate the expansion of training capabilities and at the same time to provide the most modern techniques in training methods, radar simulators were installed in Maritime Administration's three region schools. It soon became apparent that to properly instruct the trainees, even with the advanced equipment, a standardize up-to-date instruction manual was needed. The first manual was later revised to serve both as a
