myths and legends to passionate meditations on the demands and rewards of youth and old age, from exquisite, occasionally whimsical songs of love, nature, and art to somber and angry poems of life in a nation torn by war and uprising. In observing the development of rich and recurring images and themes over the course of his body of work, we can trace the quest of this century's greatest poet to unite intellect and artistry in a single magnificent vision. Revised and corrected, this edition includes Yeats's own notes on his poetry, complemented by explanatory notes from esteemed Yeats scholar Richard J. Finneran. *The Collected Poems of W. B. Yeats* is the most comprehensive edition of one of the world's most beloved poets available in paperback.

XIII Collects all of the Nobel laureate's published work and includes additional notes and criticisms.

Poetry.

The Collected Works of W. B. Yeats, Volume II: The Plays is part of a fourteen-volume series under the general editorship of eminent Yeats scholars Richard J. Finneran and George Mills Harper. This complete edition includes virtually all of the Nobel laureate's published work, in authoritative texts and with extensive explanatory notes. The Plays, edited by David R. Clark and Rosalind E. Clark, is the first-ever complete collection of Yeats's plays that honors the order in which the plays first appeared. It provides the latest and most accurate texts in Yeats's lifetime, as well as extensive editorial notes and emendations. Though

Best known as one of the most important poets of the twentieth century, from the beginning of his career William Butler Yeats understood the value of his plays and his poetry to be the same. In 1923, when he accepted the Nobel Prize for Literature, Yeats suggested that "perhaps the English committees would never have sent you my name if I had written no plays...if my lyric poetry had not a quality of speech practiced on the stage." Indeed, Yeats's great achievement in poetry should not be allowed to obscure his impressive and innovative accomplishments as a dramatist. In *The Plays*, David and Rosalind Clark have restored the plays to the final order in which Yeats planned for them to be published. This volume opens with Yeats's introduction for an unpublished Scribner collection and encompasses all of his dramatic work, from *The Countess Cathleen* to *The Death*

XIII
of Cuchulain. The Plays enables readers to see clearly, for the first time, the ways in which Yeats's very different dramatic forms evolved over the course of his life, and to appreciate fully the importance of drama in the oeuvre of this greatest of modern poets.

Autobiographies is made up of six autobiographical works that Yeats published in the mid 1930s. Together, they provide a fascinating insight into the first 58 years of his life. The work provides memories of his early childhood, through to his experience of winning the Nobel Prize for Literature. The volume contains explanatory notes and previously unpublished passages from candidly explicit first drafts.

XIII
fourteen-volume series under the general editorship of eminent Yeats scholars George Bornstein and George Mills Harper. These volumes include virtually all of the Nobel laureate's published work, in authoritative texts with extensive explanatory notes. Early Essays, edited by the internationally esteemed Yeats scholars George Bornstein and the late Richard J. Finneran, includes the contents of the two most important collections of Yeats's critical prose, *Ideas of Good and Evil*(1903) and *The Cutting of an Agate*(1912, 1919). Among the seminal essays are considerations of Blake, Shakespeare, Shelley, Spenser, and Synge, as well as an extended discussion of the Japanese Noh theatre. The first scholarly edition of these materials, *Early Essays* offers a corrected text and detailed annotation of all allusions. Several appendices gather materials from early

Printings which were later excluded, as well as illuminating black-and-white illustrations. Early Essays is an essential sourcebook for understanding Yeats's career as both writer and literary critic, and for the development of modern poetry and criticism. Here, Yeats works out many of his key ideas on poetry, politics, and the theater. He gives interpretations of writers critical to his development and presents a compelling vision of Ireland and the modern world during the last decade of the nineteenth century and first two decades of the twentieth. As T. S. Eliot remarked, Yeats "was one of those few whose history is the history of their own time, who are a part of the consciousness of an age which cannot be understood without them." This volume displays a crucial part of that history.

As well as being one of the major literary

Figures of the twentieth century and the recipient of the 1923 Nobel Prize for Literature, William Butler Yeats (1865-1939) is the greatest lyric poet that Ireland has produced. Part of the Macmillan Collector's Library; a series of stunning, clothbound, pocket sized classics with gold foiled edges and ribbon markers. These beautiful books make perfect gifts or a treat for any book lover. This edition features an illuminating introduction by author and academic Dr Robert Mighall. Yeats' early work includes the beguiling 'When You are Old', 'The Cloths of Heaven' and 'The Lake Isle of Innisfree' but, unusually for a poet, Yeats's later works, including 'Parnell's Funeral', surpass even those of his youth. All are present in this volume, which reproduces the 1933 edition of W. B. Yeats's Collected Poems.
