Comparative Politics Quizzes | Study.com
The goal of political science is to promote the comparison of different political entities, and comparative politics is the study of domestic politics within states. It differs from the other subdiscipline of political science— international relations —which instead focuses on politics between states.

Comparative Politics - Political Science - iResearchNet
It then examines three well-known and highly regarded studies in the field of comparative politics, comparing the conclusions reached in the original work with a test of the arguments on cases selected without regard for their position on the dependent variable.

Principles of Comparative Politics | SAGE Publications Inc
Comparative politics is a field in political science characterized either by the use of the comparative method or other empirical methods to explore politics within (as opposed to between) countries. Substantively, this can include questions relating to political institutions, political behavior, conflict, and the causes and consequences of economic development.

Comparative politics - Wikipedia
MSc Comparative Politics Mexico City, Mexico. After more than 7 years outside the classroom, the experience of being at LSE has reignited my interest in academia. At the beginning I was afraid of studying Latin America outside the region, but the MSc Comparative Politics has demonstrated that coming here was the right choice.
