Building confidence through accomplishment remains at the heart of THE CONFIDENT STUDENT. This practical and accessible text features self-discovery, self-assessment and confidence-building activities to keep students motivated and help them develop the skills they need to be successful in all of their courses. The Eighth Edition delivers more explicit critical-thinking instruction in every chapter. New Thinking with Bloom activities encourage active reading and processing of information by guiding students through the six levels of thinking as they reflect on chapter concepts. In addition, more intentional practice of reflective thinking is provided in the fully revised Your Reflections exercises at the end of every chapter. New questions and writing prompts invite students to engage in self-reflection for the purpose of assessing progress, discovering strengths, and addressing weaknesses. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Discusses the problems facing four-year colleges in the wake of the 2008 recession that left graduates with enormous debts and slim job prospects in a tough economy and describes institutions that are innovating to better prepare students in the future. 30,000 first printing.

Building confidence through accomplishment remains at the heart of THE CONFIDENT STUDENT, 8E, International Edition. This practical and accessible text features self-discovery, self-assessment and confidence-building activities to keep students motivated and help them develop the skills they need to be successful in all of their courses. The Eighth Edition delivers more explicit critical-thinking instruction in every chapter. New Thinking with Bloom activities encourage active reading and processing of information by guiding students through the six levels of thinking as they reflect on chapter concepts. In addition, more intentional practice of reflective thinking is provided in the fully revised Your Reflections exercises at the end of every chapter. New questions and writing prompts invite students to engage in self-reflection for the purpose of assessing progress, discovering strengths, and addressing weaknesses.

Over a million students have transformed adequate work into academic achievement with this best-selling text. HOW TO STUDY IN COLLEGE sets students on the path to success by helping them build a strong foundation of study skills, and learn how to gain, retain, and explain information. Based on widely tested educational and learning theories, HOW TO STUDY IN COLLEGE teaches study techniques such as visual thinking, active listening, concentration, note taking, and test taking, while also incorporating material on vocabulary building. Questions in the Margin, based on the Cornell Note

Taking System, places key questions about content in the margins of the text to provide students with a means for reviewing and reciting the main ideas. Students then use this technique--the Q-System--to formulate their own questions. The Eleventh Edition maintains the straightforward and traditional academic format that has made HOW TO STUDY IN COLLEGE the leading study skills text in the market. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Developed for students at the 10-12 reading level, MINDSCAPES: CRITICAL READING SKILLS AND STRATEGIES, 2E helps students become stronger readers based on how the brain best processes and learns information. Christine Evans Carter has developed a powerful approach to building reading skills that is based on the latest research in brain-based learning; when students recognize the structure and organization of information, they maximize their learning power. This focus on text structure provides a scaffold onto which developmental-level readers can apply new knowledge. Information is presented in a carefully crafted sequence that serves to build upon prior knowledge and expand understanding of skills and strategies in a recursive manner. In addition, each chapter includes study skills and discipline-specific vocabulary and reading strategies to help students succeed in all of their courses. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This updated and expanded edition of Persuasive Communication offers a comprehensive introduction to persuasion and real-world decision making. Drawing on empirical research from social psychology, neuroscience, business communication research, cognitive science, and behavioral economics, Young reveals the thought processes of many different audiences—from investors to CEOs—to help students better understand why audiences make the decisions they make and how to influence them. The book covers a broad range of communication techniques, richly illustrated with compelling examples, including resumes, speeches, and slide presentations, to help students recognize persuasive methods that do, and do not, work. A detailed analysis of the emotions and biases that go into decision making arms students with perceptive insights into human behavior and helps them apply this understanding with various decision-making aids. Students will learn how to impact potential employers, clients, and other audiences essential to their success. This book will prove fascinating to many, and especially useful for students of persuasion, rhetoric, and business communication.

With a strong emphasis on hands-on learning, this highly practical text helps you develop the phlebotomy-related knowledge and skills you need to become a confident, competent health care professional. The Fifth Edition accelerates learning by following key topics immediately with relevant exercises, integrating workbook elements and textbook content to deliver a complete learning experience. The text covers the latest professional standards and competencies while thoughtfully connecting them to the realities of practice today. Step-by-step guidelines for more than 20 collection procedures are provided, along with real-life scenarios and prompts emphasizing the phlebotomist's legal and ethical role in patient care decisions. Full-color photographs highlight important steps and relevant equipment, while illustrations depict anatomical components critical to proper technique. In addition, the digital edition includes videos and interactive exercises ideal for today's learners. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Higher Education Manager's Handbook 2/e has been substantially updated and reflects important changes that have occurred since its first publication in 2004. It offers excellent counsel and guidance on all aspects of the manager's role and provides the navigational tools to successfully operate within Higher Education organizations. Within this new edition, Peter McCaffery continues to draw on a wealth of US and UK case study materials drawn from innovative practice. This best selling guide builds

upon its original strengths and remains an engaging, accessible and highly enjoyable read. Written in the unique perspective of the HE manager, it offers practical advice that can be implemented immediately by managers and university leaders at all levels. It addresses the internal ramifications of cynicism and demoralisation that are rife within many academic communities and is based on four pre-requisites essential for becoming an effective HE leader: Knowing Your Environment Knowing Your University Knowing Your Department Knowing Yourself What's new in the second edition... New Chapter! Celebrating Diversity The Specific strategic drivers in HE University Governance The Business-Facing University The Community University Fostering Research Excellence, Fostering Teaching Excellence and Enhancing the Student Experience Internationalization Managing your Reputation Managing in a crisis Higher Education Managers, Team Leaders, Vice Chancellors, Provosts, University Presidents, Department Heads and Student Affairs Administrators will find this book to be an irreplaceable resource that occupies a permanent "within hands-reach" position on their desk and/or nearest bookshelf.
