Now in paperback, this helpful volume by pastor and best-selling author John MacArthur guides readers in cultivating a biblical worldview on a wide range of issues. What we think shapes who we are. That's why the Bible tells us, "Do not be conformed to this world, but be transformed by the renewal of your mind" (Romans 12:2a). In a world of differing voices competing for our allegiance, we must learn to "think biblically" so we can distinguish good from evil. God is the Creator of this world; his voice-his Word-must guide our thoughts and our lives. With the Bible in their hands, John MacArthur and other scholars and teachers from the Master's College confront the false worldviews that dominate our postmodern world. The authors provide models for cultivating a biblical mind-set on worship, psychology, gender, science, education, history, government, economics, and literature. This book will help anyone who is striving to think biblically in today's culture.

This wide-ranging handbook presents an overview of our current knowledge on the history of the Bible. Divided into three parts, it shows how the collections of canonical and apocryphal books were formed, explains the transmission and translation of the Biblical texts and describes biblical interpretation in Judaism and Christianity. Incorporating the immense amount of information that has become available since the discovery of the Dead Sea Scrolls, the author sets out to bridge the gaps between widely different areas and trends in the field of Biblical Studies: canonical and apocryphal literature, written and oral traditions, rabbinic and Christian exegesis and modern critical exegesis, and literal and allegorical interpretation, among others. Uniquely, Trebolle Barrera also looks at the "Wirkungsgeschichte" of the Bible in relation to the Greek and Roman world, the Renaissance and the Enlightenment. Scholars, students and interested lay persons alike will benefit from the wealth of general information found here as well as detailed discussion on many topics currently under debate, from the significance of Qumran to the influence of the Semitic and Greek world on Christianity.

"Success is defined by a continuing desire to be the person God called you to be and to achieve those goals that God helps you to set," says Charles Stanley. In *Success God's Way*, Stanley teaches God's principles for success, including ten steps to help you reach God's goals in your life, and what to do about the seven success blockers that entangle believers. "Dr. Stanley has defined success in a timeless manner?knowing and doing the will of God. When a person knows Christ personally and consistently obeys the principles of Scripture, he is prepared for success God's way." ?Franklin Graham, Chairman and CEO, Samaritan's Purse; CEO, Billy Graham evangelistic Association "In a society that increasingly judges the success of individuals by the clothes they wear, the car they drive, the club they belong to, or the career they choose, the church desperately needs to reaffirm biblical standards. Once again, Dr. Stanley has brought clear focus to a timely issue. *Success God's Way* challenges readers to reexamine whether or not they are sacrificing genuine, lasting success on the altar of a worldly, temporary counterfeit and therefore settling for a lot less than what God wants to give them." ?Anne Graham Lotz, International Bible Teacher and Bestselling Author "In an age when our thinking is skewed, our zeal is waning, and our desire for excellence is deadened by apathetic self-centeredness, this book presents many biblical insights that challenge us to hear God's Word to Joshua to meditate on God's Word and be strong and courageous so we can have success." ?Kay Arthur, Precept Ministries International

In today's pluralistic society, not every approach to sharing the gospel will work with all people. In these two devastating late works, Nietzsche offers a powerful attack on the morality and the beliefs of his time Nietzsche's *Twilight of the Idols* is a 'grand declaration of war' on reason, psychology and theology, which combines highly charged personal attacks on his contemporaries (in particular Hegel, Kant and Schopenhauer) with a lightning tour of his own philosophy. It also paves the way for *The Anti-Christ*, Nietzsche's final assault on institutional Christianity, in which he identifies himself with the 'Dionysian' artist and confronts Christ: the only opponent he feels worthy of him. Translated by R. J. Hollingdale with an Introduction by Michael Tanner
