There are different types of counselling, but the most common ones recommended for young people are: Cognitive Behavioural Therapy (CBT): The approach of CBT is about thinking more positively about life, looking at how you can get stuck in patterns of behaviour and ways of changing these rather than dwelling on past events.

Counselling Services for Children and Young People

The competence framework identifies the competences required for delivering effective humanistic counselling with children and young people. The humanistic approach emphasises a relational way of working, placing less emphasis on technique than other therapeutic orientations. The key counsellor competences are sustained empathic relating, openness, receptiveness and maintaining a fundamentally accepting stance.
