Stephen

Finders Keepers is a crime novel by American writer Stephen King, published on June 2, 2015. It is the second volume in a trilogy focusing on Detective Bill Hodges, following Mr. Mercedes . [1] [2] The book is about the murder of reclusive writer John Rothstein (an amalgamation of John Updike , Philip Roth , and J. D. Salinger [3]), his missing notebooks and the release of his killer from prison after 35 years. [4]

Read Online Finders Keepers Novel King Stephen

Finders Keepers. A masterful, intensely suspenseful novel about a reader whose obsession with a reclusive writer goes far too far—a book about the power of storytelling, starring the same trio of unlikely and winning heroes King introduced in Mr. Mercedes. "Wake up genius."

Stephen King | Finders Keepers

FINDERS KEEPERS is the second book in the Stephen King MR. MERCEDES trilogy that begins with a trip back to 1978 and a terrifying home invasion by whacko killer Morris Bellamy, then fast forwards to 2010 with a story of buried treasure and a family in need, eventually leading back to retired Police Detective Hodges (and cohorts) and a connection to MM.

Finders Keepers (Bill Hodges Trilogy, #2) by Stephen King

"Stephen King's superb new stay-up-all-night thriller, Finders Keepers, is a sly, often poignant tale of literary obsession that recalls the themes of his classic 1987 novel Misery...a love letter to the joys of reading and to American literature... wonderful, scary, moving."

Finders Keepers is a crime thriller, with only a tiny hint of King's signature supernatural doings. It's not a mystery, like Mr Mercedes, with which it shares some characters, because the villain is known from the beginning.

The second book in Stephen King's Bill Hodges trilogy (Mr. Mercedes, Finders Keepers, End of Watch), an AT&T Audience Original Series, now in its second season!

Finders Keepers : A Novel by Stephen King

Not since Misery has King played with the notion of a reader whose obsession with a writer gets dangerous. Finders Keepers is spectacular, heart-pounding suspense, but it is also King writing about how literature shapes a life - for good, for bad, forever. ©2015 Stephen King (P)2015 Simon & Schuster.

They said there were no monsters. But there are. It is the 23rd Century. Across the cold void of space, alien monsters prey on humanity: infesting generation-ships, destroying colonies, and transforming humans into hosts for their foul spoor. From the insectoid hive-beasts of Klaatu, to the xenomorphic parasites of the outer rim, this book contains the sum total of human knowledge of the myriad forms of alien menace; where to find them...and how to kill them. In this guide you will find details of mankind's greatest champions, the marines of STAR Industries. With their state-of-the-art technology and advanced combat tactics developed over a century of warfare, the STAR marines battle the alien, wherever it may strike.

This Shirley Jackson Award-winning novel is "a true surreal phantasmagoria . . . [a] gothic supernatural" horror story set in the decadent world of British rock (Chelsea Quinn Yarbro). When the young members of a British acid-folk band are compelled by their manager to record their unique music, they hole up at Wylding Hall, an ancient country house with dark secrets. There they create the album that will make their reputation, but at a terrifying cost: Julian Blake, the group's lead singer, disappears within the mansion and is never seen or heard from again. Now, years later, the surviving musicians, along with their friends and lovers—including a psychic, a photographer, and the band's manager—meet with a young documentary filmmaker to tell their own versions of what happened that summer. But whose story is true? And what really happened to Julian Blake?

Midwestern job fair, a depressed retired cop and two unlikely allies join forces to find and stop the killer, who has sent a letter threatening another attack. By the award-winning author of 11/22/63.

FATE'S PAST is the story of a couple, Cameron Harrison and Carrie Fields. While driving in rural Louisiana, Cameron and Carrie notice that their environment has changed--a faint cloud distorts the empty road, the clocks blink "00:00," and a feeling of lifelessness creeps through their veins. For miles, they do not see any other cars, animals, or people. Then their experiences splinter. Carrie hears sounds that Cameron cannot hear. Cameron sees things that Carrie cannot see. As Cameron and Carrie wander through the unfamiliar landscape, they are literally hunted by their biggest regrets, forcing the two to separate. And in confronting their regrets, Carrie and Cameron must come to grips with who they were in order to escape their suffering, find one another, and take the next step in their journey together.

A magnificently packaged boxed set of hardcover editions of Mr. Mercedes, Finders Keepers, and End of Watch, the Edgar award-winning trilogy starring Bill Hodges, Holly Gibney, Jerome Robinson, and the diabolical Mercedes Killer, Brady Hartsfield—with unique new jackets and case.

Now a major motion picture starring Ewan McGregor! From master storyteller Stephen King, his unforgettable and terrifying sequel to *The Shining*—an instant #1 New York Times bestseller that is “[a] vivid frightscape” (*The New York Times*). Years ago, the haunting of the Overlook Hotel nearly broke young Dan Torrance’s sanity, as his paranormal gift known as “the shining” opened a door straight into hell. And even though Dan is all grown up, the ghosts of the Overlook—and his father’s legacy of alcoholism and violence—kept him drifting aimlessly for most of his life. Now, Dan has finally found some order in the chaos by working in a local hospice, earning the nickname “Doctor Sleep” by secretly using his special abilities to comfort the dying and prepare them for the afterlife. But when he unexpectedly meets twelve-year-old Abra Stone—who possesses an even more powerful manifestation of the shining—the two find their lives in sudden jeopardy at the hands of the ageless and murderous nomadic tribe known as the True Knot, reigniting Dan’s own demons and summoning him to battle for this young girl’s soul and survival...

From legendary master storyteller Stephen King, a riveting story about “an ordinary man in an extraordinary condition rising above hatred” (*The Washington Post*) and bringing the fictional town of Castle Rock, Maine together—a “joyful, uplifting” (*Entertainment Weekly*) tale about finding common ground despite deep-rooted differences, “the sign of a master elevating his own legendary game yet again” (*USA TODAY*). Although Scott Carey doesn’t look any different, he’s been steadily losing weight. There are a couple of other odd things, too. He weighs

Read Online Finders Keepers Novel King Stephen

the same in his clothes and out of them, no matter how heavy they are. Scott doesn't want to be poked and prodded. He mostly just wants someone else to know, and he trusts Doctor Bob Ellis. In the small town of Castle Rock, the setting of many of King's most iconic stories, Scott is engaged in a low grade—but escalating—battle with the lesbians next door whose dog regularly drops his business on Scott's lawn. One of the women is friendly; the other, cold as ice. Both are trying to launch a new restaurant, but the people of Castle Rock want no part of a gay married couple, and the place is in trouble. When Scott finally understands the prejudices they face—including his own—he tries to help. Unlikely alliances, the annual foot race, and the mystery of Scott's affliction bring out the best in people who have indulged the worst in themselves and others. "Written in masterly Stephen King's signature translucent...this uncharacteristically glimmering fairy tale calls unabashedly for us to rise above our differences" (Booklist, starred review). Elevation is an antidote to our divisive culture, an "elegant whisper of a story" (Kirkus Reviews, starred review), "perfect for any fan of small towns, magic, and the joys and challenges of doing the right thing" (Publishers Weekly, starred review).
