The empire in Quinn Slobodian's '*Globalists: The End of Empire and the Birth of Neoliberalism*' is the almost forgotten but tremendously consequential Austro-Hungarian Empire. Ruled over by the House of Habsburg, the 'Dual Monarchy' was the great power in Central Europe between 1867 and 1918.

*Globalists: The End of Empire and the Birth of ...*

*Globalists* is a strong account of the intellectual history of what Slobodian, now a history professor at Wellesley College, refers to as the 'Geneva School', a particular strand of political philosophy revolving around individuals affiliated at some point or another with Geneva's Graduate Institute of International and Development Studies, as it is known today.

*Globalists: The End of Empire and the Birth of ...*

Quinn Slobodian's new book *Globalists* explodes both these myths. He explores the roots of neoliberal ideas, not in Chicago but in the Habsburg Empire, inter-war Switzerland and Weimar Germany and he focuses on a "Geneva School" bringing together for a while the likes of Friedrich von Hayek, Ludwig von Mises and Wilhelm Ropke.

*Globalists: The End of Empire and the Birth of ...*

This tradition looks to be challenged by an increasingly broad and confident body of literature which has emerged over the past five to ten years, and to which Quinn Slobodian's Globalists: The End of Empire and the Birth of Neoliberalism (2018) firmly belongs. This body of literature aims to peer through the scholarly haze obscuring the nebulous concept of 'neoliberalism' and attempts to define precisely what neoliberalism might be.

*Quinn Slobodian, 'Globalists: The End of Empire and the ...*

It finds the intellectual origins of neoliberal globalism in the reordering of the world that came at the end of empire and finds the historical roots of paradigms of international economic law and neoliberal constitutionalism more often covered by political scientists and sociologists than historians.

*Globalists: The End of Empire and the Birth of ...*

However, Quinn Slobodian, in his new book, Globalists: The End of Empire and the Birth of Neoliberalism (Harvard University Press, 2018) shakes this debate up and reconceptualizes the history of neoliberalism in the process. The neoliberals that he tracks weren't opposed to the state per se, but rather, to the nation-state.
