Hooray for Snail! – HarperCollins

HOORAY FOR SNAIL! Back in 1982, Brian McConnachie, the founder of the humor magazine, American Bystander, wanted to use some of my work in his publication. I was putting the finishing touches on a piece when I was informed that the magazine had gone belly up. I was left with a very funny full-page panel and nowhere to use it.

Read Book Hooray For Snail

Snail hits. Snail runs. Snail slides home. Hooray for Snail! Here is a very easy-to-read story about an amazing baseball game.

Slow Snail hits the ball so hard during a baseball game that it flies to the moon and back. Will Snail have time to slide in for a home run?

Billedbog. Reliable snail never fails to deliver the mail, but can he make it on time?

He really does. But something strange happens every time he tries: The water fountain turns into a tidal wave. The fire extinguisher blasts him into space. The music baton becomes a magic wand! Is Snail really helpful? Maybe. Is he good at having adventures? Yes!

Sasha is a little dog. Her cousin Oliver is bigger. An his friend Juliet is even bigger. But Sasha doesn't care who's bigger or better--she just wants to play! "Readers will cheer for the underdog who proves herself a hero".--"Booklist". Full color.

A circus mouse emcee and Ellie the elephant perform a daring theatrical stunt with surprising results, in a simple concept book with gatefold flaps.

MEET WILBUR LITTLE, a lime-juice drinking, pint-sized, sombreroed cowboy who herds pigs for a living. Wilbur tackles the villains he meets in the forms of pig-rustlers and gamblers, along with his loyal companion, Alvin (who happens to be a big blue moose), an off-key singing piglet, and a book-loving pig from Yuma. Their hilarious antics and pell-mell are the norm in a wacky western world where creative problemsolving is needed for good to triumph over evil. The Ballad of Wilbur and the Moose was originally published in a slightly different form in 1989 to wonderful acclaim by Publishers Weekly, People, and The New York Times Book Review Children ' s Bookshelf. John Stadler recently located all of the original artwork (as well as creating one all-new spread) so that this publisher could bring this book back to the full glory it deserves.

Highlights Puzzle Readers offer an innovative approach to learning that integrates puzzles and stories to develop motivated, confident readers. These Level 2 books are perfect for kids starting to read longer and more complex sentences. Knox, a snail mail carrier, delivers packages with a smile--and a hilarious joke for each recipient. In this pun-filled Level 2 Highlights Puzzle Reader, readers must solve six mazes to help Knox deliver the mail on time for the Mail Day Parade. With bonus knock-knock jokes, Knox Knocks: Hooray for Mail Day! is perfect for beginning readers.

Primary-grade teachers face an important challenge: teaching children how to read while enabling them to build good habits so they fall in love with reading. Many teachers find the independent reading workshop to be the component of reading instruction that meets this challenge because it makes it possible to teach the reading skills and strategies children need and guides them toward independence, intention, and joy as readers. In Growing Readers, Kathy Collins helps teachers plan for independent reading workshops in their own classrooms. She describes the structure of the independent reading workshop and other components of a balanced literacy program that work together to ensure young students grow into strong, well-rounded readers. Kathy outlines a sequence of possible units of study

Read Book Hooray For Snail

for a yearlong curriculum. Chapters are devoted to the individual units of study and include a sample curriculum as well as examples of mini-lessons and reading conferences. There are also four “ Getting Ready ” sections that suggest some behind-the-scenes work teachers can do to prepare for the units. Topics explored in these units include: print and comprehension strategies; reading in genres such as poetry and nonfiction; connecting in-school reading and out-of-school reading; developing the strategies and habits of lifelong readers. A series of planning sheets and management tips are presented throughout to help ensure smooth implementation. We want our students to learn to read, and we want them to love to read. To do this we need to lay a foundation on which children build rich and purposeful reading lives that extend beyond the school day. The ideas found in Growing Readers create the kind of primary classrooms where that happens.

Be creative, de-stress and brighten up your world with these twenty-four embroidery projects for crafters of all skill levels. With projects ranging from things you could complete in an afternoon to others that you can take your time over, enjoy every step of the making process as you focus on feeling good through being creative. The finished makes will bring colour and joy to your home, workspace and wardrobe. The projects in this book allow you to craft your creative time by selecting makes according to timescale. Choose one of the “ crafternoon makes ” if you want that sense of joy at finishing something, a “ medium makes ” project for the days where you have a little more time for crafting, or for something to really take your time over you could stitch one of the longer “ pick me up ” projects. Each project includes step-by-step instructions, beautiful photos and inspirational ideas for how to make each project your own. So take time to be creative with this colourful, feel-good craft book! Praise for Colourful Fun Embroidery “ With clear, precise instructions, Celia's book on creative embroidery is just what is needed! ” —Books Monthly (UK) “ Fulfilling a tall order for embroidery that generates glee, UK crafter-author Albans tries her hardest to infuse some lightness of embroidery into daily life with bright colors, perky sayings, and displayable projects. Her two dozen projects range from brooches and necklaces to banners and patchwork, each indicating the time needed to finish. Every design supports a beginning needleworker. . . . And though some projects have a very British feel (such as buntings to top a cake), many will appeal to U.S. tastes. A stitch in time might provoke some smiles. Other appendixes include embroidery materials, embroidery stitch guide, template information, and craft suppliers (primarily in the UK). ” —Booklist/DESC>
