ICC Model International Transfer of Technology Contract. As technology and intellectual property rights become increasingly important in today's international business community, more and more companies across the globe are concluding transactions to transfer technology among business entities.

### ICC Model International Transfer of Technology Contract

ICC model contracts and clauses aim to provide a sound legal basis upon which parties to international contracts can quickly establish an even-handed agreement acceptable to both sides. The contracts are the products of some of the finest legal minds in the field of international commercial law. They are constructed to protect the interests of all the parties, combining a single framework of rules with flexible provisions allowing the parties to insert their own requirements.
