Ice by Anna Kavan
Ice is a novel by Anna Kavan, published in 1967. Ice was Kavan's last work to be published before her death, the first to land her mainstream success, and remains her best-known work. Generally regarded as genre-defying, it has been labelled a work of science fiction, Nouveau roman, and slipstream fiction.

Ice (Kavan novel) — **Wikipedia**

Ice is a novel by Anna Kavan, published in 1967. Ice was Kavan's last work to be published before her death, the first to land her mainstream success, and remains her most well-known work. Ice is set during an apocalypse in which a massive, monolithic ice shelf, caused by nuclear war, is engulfing the earth.

Ice by Anna Kavan — **Goodreads**

Ice by Anna Kavan is written in a superb style that makes virtually any New York Times bestseller look like a mediocre freshman paper. This is the only reason I gave the book two stars. The bad: The book is rife with unnecessary descriptions and distractions that can be quite tedious.

Ice (Peter Owen Modern Classics): Kavan, Anna —

A dazzling and haunting vision of the end of the world, Ice is a masterpiece of literary science fiction now in a new 50th anniversary edition with a foreword by Jonathan Lethem !One might become convinced that Kavan had seen the future...

Ice by Anna Kavan is written in a superb style that makes virtually any New York Times bestseller look like a mediocre freshman paper. This is the only reason I gave the book two stars. The bad: The book is rife with unnecessary descriptions and distractions that can be quite tedious.

Ice: 50th Anniversary Edition (Penguin Classics): Kavan —

In Kavan's last novel, Ice, the apocalypse isn't ecological – it is psychosocial, a premonition of the emotional actions that lead to a world's end. Kavan knew much from the painful and passionate events that punctuated her life.

Review: "Ice" by Anna Kavan | Weird Fiction Review

Ice came out in 1967 and was the last of Anna Kavan's books to be published in her lifetime. It won the science fiction book of the year after being nominated by Brian Aldiss. He has since admitted...

ICE by Anna Kavan | RELEASE DATE: Nov. 14, 2017
This 50th-anniversary edition of a novel about a surreal pursuit through an apocalyptic world should bring new attention to Kavan (1901-1968; Who Are You, 1963, etc.), a writer of intense imagination.

ICE | Kirkus Reviews

Anna Kavan (born Helen Emily Woods; 10 April 1901 ! 5 December 1968) was a British novelist, short story writer and painter.Originally publishing under her first married name, Helen Ferguson, she adopted the name Anna Kavan in 1939, not only as a nom de plume but as her legal identity.

Anna Kavan — **Wikipedia**

Overview. A dazzling and haunting vision of the end of the world, Ice is a masterpiece of literary science fiction now in a new 50th anniversary edition with a foreword by Jonathan Lethem. "One might become convinced that Kavan had seen the future . . . A half century after its first appearance, Kavan's fever dream of a novel is beginning to seem all too real."

Ice (50th Anniversary Edition) by Anna Kavan: Paperback —

Anna Kavan was born "Helen Woods" in France on April 10, 1901 to wealthy expatriate British parents. Her initial six works were published under the name of Helen Ferguson, her first married name. These early novels gave little indication of the experimental and disturbing nature of her later work.

Anna Kavan (Author of Ice)

As with her life, Kavan's novels range far and wide, and Ice, generally regarded as her triumph, is a book that defies classification. Telling a dark story of obsession and pursuit, a pale, glass-like girl with albino hair is the object of desire and dominance by the narrator and also the girl's sinister husband, alternately known as an artist or simply by the rather intimidating title The Warden.

Ice by Anna Kavan — **Shiny New Books**

Anna Kavan's |Ice| is a book like the moon is the moon.

Jonathan Lethem on the Cool Disturbance of Anna Kavan's |Ice|

As a terrifying wall of ice continues its incursion, freezing everything in its path, it seems that only the white-haired woman is truly resigned to the fate of the world.Anna Kavan's Ice is today hailed as classic of science-fiction and a definitive work of the 'slipstream' genre.

Ice — **Anna Kavan** — **9780720620054** — **Book Depository**

Anna Kavan A dazzling and haunting vision of the end of the world, Ice is a masterpiece of literary science fiction now in a new 50th anniversary edition with a foreword by Jonathan Lethem. In a frozen, apocalyptic landscape, destruction abounds: great walls of ice overrun the world and secretive governments vie for control.
