Jim Corbett is famous for his exploits as a hunter, but there was so much more to the man than tracking down man-eating tigers and leopards. In fact, 'Carpet Sahib' (as many Indians called him) was a conservationist at heart, with a deep love for jungles - its flora and fauna; and its inhabitants - the birds and the animals, and the people - who lived in the lush Kumaon hills. It is this side of Corbett that comes to the fore in *Jungle Lore*. Almost autobiographical in nature, *Jungle Lore* sees Corbett talk of his boyhood, the people he met, lessons he learnt in absorbing the jungle, his concern for the jungles and environment, and of course, there are doses of hunting expeditions too. There is even the odd story of detection and of supernatural sightings. *Jungle Lore* is the first book anyone should read on Jim Corbett. Simply because it is about Jim Corbett the man who went on to become a famous hunter.

Man-Eaters of Kumaon is a book written by hunter-naturalist Jim Corbett. It details the experiences that Corbett had in the Kumaon region of India from the 1900s to the 1930s, while hunting man-eating Bengal tigers and Indian leopards. One tiger, for example, was responsible for over 400 human deaths. *Man-Eaters of Kumaon* is the best known of Corbett's books and contains 10 stories of tracking and shooting man-eaters in the Indian Himalayas during the early years of the twentieth century. The text also contains incidental information on flora, fauna and village life. Seven of the stories were first published privately as *Jungle Stories*. Corbett's most famous work, this book is a timeless classic.

Pranav Kumar is: (a) An advertising executive (b) An aspiring writer (c) An anarchist (d) A fugitive from the Mumbai Police (e) All of the above Pranav Kumar has had enough. He's sick and tired of being a corporate drone convincing people that their lives are meaningless without the newest product he's peddling. He hates that commercialism is the new mantra and people actually believe that you are what you own. Pranav Kumar wants to change the world. But how does one man make a whole country question the way we are when no one is interested in listening? Pranav and his friends decide to capture the eyeballs of the nation and shake up the system. Their methods are unorthodox; their message unique. They take over a TV station; expose an environmental scam; strike out at patrons of brothels; sabotage a glitzy fashion show; and paint-bomb a local train. But as the Anarchists of Mumbai ignite sparks of a much larger movement; they realize that doing good comes at a price; that the means are as important as the ends and that being hunted by the Mumbai police is perhaps better than being hunted by contract-killers. Bold; fresh and darkly comic; *The Diary of an Unreasonable Man* is an exceptional debut.

A woman is crowned 'She' to be ethereal. A man is tagged 'He' to be powerful. Why then is the transgender named 'nine' to be humiliated? It is a period of time of forgetting what society is and the role of human beings in it. Not everything that happens in society is a feast for the eyes. *Your Kind Attention Please* is a collection of poems where everything heard by the ears, seen with the eyes and deeply buried into the heart is poured into words at the tip of the pen for your kind attention. At every edge of diction, the pains and sufferings of the victims are well manifested. Some lines make water droplets on the side of the eyes and some lines make a smile on the corner of the mouth with scrutiny. One can understand by reading this that all these are staged by human beings. Although the book appears to be a clip of what was said, it is said that everything said is true.
