Keys To The Deeper Life

"Keys to the Deeper Life" contains four of his best-known essays and editorials. In them he rigorously examines many of the failings and foibles of his day. Although most were written more than three decades ago, the insights they offer are as fresh and thought-provoking as the day they were published.

Keys to The Deeper Life An excellent reading for the heart who is genuinely following hard after God. It challenges our complacency, and lukewarm and anemic search and seeking after God. The reader will have answer, do you really want Jesus, for Who He is, or the tepid imitation, watered down version of Who He is presented as today.

It is not intellectual knowledge about God that quenches man's ancient heart-thirst, but the very Person and Presence of God Himself. These come to us through Christian doctrine, but they are more than doctrine.

Although never considered to be a popular speaker nor prolific writer, A. W. Tozer's audiences did appreciate what he had to say, and he was probably the most widely read Christian writer of his time. Keys to the Deeper Life contains six of his best-known essays and editorials. In them he rigorously examines many of the failings and foibles of his day. Although most were written more than three decades ago, the insights they offer are as fresh and thought-provoking as the day they were published. Robert Walker, the editor of Christian Life, and a long-time associate of Tozer, has written an Introduction to the book that delightfully captures Tozer's irascible genius. Keys to the Deeper Life also contains the account of an exclusive interview with A. W. Tozer shortly before his death.

Wherever Christians meet these days one word is sure to be heard constantly repeated; that word is revival. In sermon, song and prayer we are forever reminding the Lord and each other that what we must have to solve all our spiritual problems is a "mighty, old-time revival." The religious press, too, has largely gone over to the proposition that revival is the one great need of the hour, and anyone who is capable of preparing a brief for revival is sure to find many editors who will publish it. So strongly is the breeze blowing for revival that scarcely anyone appears to have the discernment or the courage to turn around and lean into the wind, even though the truth may easily lie in that direction.

"God has nothing to say to the frivolous man." — A. W. Tozer Tozer states this bluntly in the book's beginning, and he carries the sentiment through the last chapter. In God Tells the Man Who Cares, Tozer urges the believer to be vigilant in his pursuit of God's voice in his life. He reminds us that stillness and meditation on the Spirit of God may be more spiritually profitable than the front of religion that is so prevalent in modern society. Stillness is the quality that is so often lost in the business of today's world. To be still and know that He is God is an old truth that is much quoted but rarely lived. Tozer's convicting voice will bring you to a new and humbling place in your relationship with the Lord. He invites you to lay your emotions at God's feet, provides insight into the true nature of a servant's heart, and decries many aspects of institutionalized Christianity, warning against artificial religion with these words: "[It] is a disease of the soul, and can only be healed by the Physician of souls."

Few have understood the nature of sanctification, or the nature of God, better than Oswald Chambers. His insights into holiness, absolute devotion, and the pursuit of God have inspired countless Christians, challenging them to give their "utmost for His highest." Devotions for a Deeper Life is a collection of some less known writings by this beloved Christian author. Excerpted from articles published in God's Revivalist in the early 1900's, this year's-worth of daily devotions bears Chambers' characteristic stamp of practicality and profundity, freshness and fire. Here are the meditations of a man of the Bible and a man of prayer, reflections as timeless as the illumining ministry of the Holy Spirit. More than just a devotional, Devotions for a Deeper Life is a treasury of truths that will open your spiritual eyes to the incredible, full scope of Christ's work, of the Holy Spirit's guidance and power, and of God's calling on your life that bids you rise higher than you've ever thought possible.

We often believe things about ourselves that do not line up with God's truth. We think our worth is based on performance or possessions, that we have to be perfect to be loved, or that we're too ordinary to be used by God. Deeper tears down these lies and teaches women to replace them with four truths from Psalm 139--God knows me, he protects me, he made me, he values me. Using compelling narrative and Scripture, Deeper helps women transform their lives by trusting in the reality of God's love. Instead of striving for perfection and worth, readers can rest in the truth that they are his.

An intimate, revealing look at one artist's journey from self-censorship to full expression As one of the most celebrated musicians in the world, Alicia Keys has enraptured the globe with her heartfelt lyrics, extraordinary vocal range, and soul-stirring piano compositions. Yet away from the spotlight, Alicia has grappled with private heartache—over the challenging and complex relationship with her father, the people-pleasing nature that characterized her early career, the loss of privacy surrounding her romantic relationships, and the oppressive expectations of female perfection. Since Alicia rose to fame, her public persona has belied a deep personal truth: she has spent years not fully recognizing or honoring her own worth. After withholding parts of herself for so long, she is at last exploring the

questions that live at the heart of her story: Who am I, really? And once I discover that truth, how can I become brave enough to embrace it? *More Myself* is part autobiography, part narrative documentary. Alicia's journey is revealed not only through her own candid recounting, but also through vivid recollections from those who have walked alongside her. The result is a 360-degree perspective on Alicia's path, from her girlhood in Hell's Kitchen and Harlem to the process of growth and self-discovery that we all must navigate. In *More Myself*, Alicia shares her quest for truth—about herself, her past, and her shift from sacrificing her spirit to celebrating her worth. With the raw honesty that epitomizes Alicia's artistry, *More Myself* is at once a riveting account and a clarion call to readers: to define themselves in a world that rarely encourages a true and unique identity.

My life was spiraling out of control. The day I found myself at an intersection waiting for a bus, I knew I'd hit rock bottom. It wasn't even a bus stop. Rather than board, I intended to step in front of it and end all the misery in my life. "Everybody will be better off," I told myself. Fortunately, one faint spark of hope kept me on the sidewalk that day. Then I met Brad. Psychologist-turned life coach, his direct, no-nonsense approach nearly drove me out of his office on the first visit. But wise and patient mentoring over time guided me in unlocking one of life's greatest paradoxical truths: The Gift in the Wound. My world changed. While gifts in wounds sounds straightforward, in actuality our greatest gifts of wisdom, insight, confidence, courage, compassion - to name just a few - are not merely hiding in our deepest wounds. They are locked up in plain sight. And we refuse to use the key. In fact, we believe it to be the enemy. Come share the journey of discovering five keys to unlocking your most valuable personal gifts. The process can be initially painful and highly counter-intuitive - which is why so few people discover it. But those willing to fully engage build lives of wholeness, success and unspeakable joy. The stories of other brave survivors and deeply wounded individuals I encountered along the way will inspire you to unlock the greatness within. The Five Keys to unlocking the gift in the wound: -Choose - Because you can. No justification or approval required. -Victory over victim - Victimization is life. Victim is a choice. -The pain portal - Pain embraced turns the lock to the gift in the wound. -I love me - Forgiveness and gratitude include you - especially you. -Effortless acceptance - Learning to obtain by surrender.

More than ten million readers have enjoyed Robert Boyd Munger's spiritually challenging meditation on Christian discipleship. Imagining what it would be like to have Jesus come to the home of our hearts, Munger moves room by room considering what Christ desires for us. In the living room we prepare to meet Christ daily. In the dining room we examine together what appetites should and should not control us. We even explore the closets in our lives that Christ can help us clean out. Munger's practical and profound booklet (now revised and expanded) helps you give Christ control over all of your life.

The book begins by introducing the reader to a fantastic possibility - that humanity may be on the verge of a major shift in consciousness rooted in a new understanding of how our DNA operates - namely that it is programmed directly by the way we think and feel. This is a highly ambitious and sophisticated system for shaping one's destiny. Based around 64 archetypes, it resembles the I Ching in its vast scope and profound importance, and in the resonant character of its symbolism. The author shows how there are two ways to approach the Gene Keys - the analogue (holistic) way and the digital (detailed) way. It is the combining of both analogue and digital that results in contemplation - the primary pathway into the Gene Keys. Since our beliefs shape our genes, when we change our beliefs, we change the chemistry of our body. The Gene Keys are an inner language whose central purpose is to transform our core beliefs about ourselves, thus raising our lives onto a new level of awareness. The book works alongside state-of-the-art online profiling software. This software will provide instantaneous free profiles known as 'Hologenetic Profiles', which uses astrological data (time, date and place of birth) to generate a unique sequence of Gene Keys that relate to many aspects of your life, including the underlying genetic patterns governing your relationships, your finances, your health and your life purpose. As the reader contemplates the 64 Gene Keys over time and applies their insights in his or her own life, so one's belief system will begin to change and our DNA will actually start to transform the way we think and feel.
