Leadership in the Shadows by Kyle Lamb - Goodreads

By defining leadership as relational we are asserting a link between the areas of leadership that are evident in the 'light' and those that are cast in the shadow. We are also drawing attention to the contrasts, contradictions and parallels that inevitably occur in the interactions taking place between leader and team, and between the leader and the leader's own shadow.

The Leadership Shadow: What it Is and Why It Matters

An evolved leader who has learnt to work with his shadow would have taken the high road, as Soviet leader Mikhail Gorbachev did when he told US leader Ronald Reagan that he was depriving him of an enemy. This is what brought an end to the Cold War. Singapore too represents Malaysia's shadow.

Why leaders need to work with their shadows - Thought Perfect

This rift is the essence of what we call the leadership shadow. Leadership by nature creates a split between a gesture and a response, or between guidance and the ability to follow through. One can study the internal manifestation of this rift as well.

'The Leadership Shadow' is a simple model any leader can apply to address the gender issue. There is no one single formula for success however, this model provides leaders with a practical framework which can be applied to oneself or used to shift awareness and capability across a whole leadership cohort in an organisation.

The Leadership Shadow | Deloitte Australia | Diversity ...

Culture leadership is linked to a concept called 'the shadow of the leader'. This concept can be explained in two ways. The first interpretation is that leaders cast a long shadow: what they say and do has a very large impact. People look up to leaders and, because there is a human desire to want to fit in, start copying them.
