memoir, begins literally half an hour before his release on December 12, 1978. In one extended flashback he recalls the night, a year earlier, when armed police pulled him from his home and jailed him in Kenya's Kamiti Maximum Security Prison, one of the largest in Africa. There, he lives in a prison block with eighteen other political prisoners, quarantined from the general prison population. In a conscious effort to fight back the humiliation and the intended degradation of the spirit, Ngũgĩ—the world-renowned author of *Weep Not, Child*; *Petals of Blood*; and *Wizard of the Crow*—decides to write a novel on toilet paper, the only paper to which he has access, a book that will become his classic, *Devil on the Cross*. Written in the early 1980s and never before published in America, *Wrestling with the Devil* is Ngũgĩ's account of the drama and the challenges of writing the novel under twenty-four-hour surveillance. He captures not only the excruciating pain that comes from being cut off from his wife and children, but also the spirit of defiance that defines hope. Ultimately, *Wrestling with the Devil* is a testimony to the power of imagination to help humans break free of confinement, which is truly the story of all art.
