The term 'managerialism' has been widely used but theoretical publications on managerialism remain rare while theory development continues to be insufficient. This article is a contribution to the current discussion on managerialism. Managerialism is a deeply ideological project transcending its traditional position when entering into society.

~~What Is Managerialism? — Thomas Klikauer, 2015~~

Managerialism in its contemporary American manifestation, according to Enteman (1993), is predicated on the understanding that societies are the sum of transactions made by the managers of organisations (Enteman, 1993). Such a claim is perhaps overly ambitious in its summation, but it takes little away from its practice within organisations themselves.

~~Managerialism A Critique Of An Ideology [EBOOK]~~

There is an increasingly common assumption that managerialism influences the economic, social, cultural, and political aspects of a society and that it has permeated every level of human interaction. Some associate managerialism with neo-liberalism, bureaucracy, and hierarchy. However, managerialism also seems to imply inappropriate or ineffective use of management and organisations, something which is not inherent to bureaucracy or hierarchy.
