MATHEMATICS FOR  
ELEMENTARY SCHOOL  
TEACHERS, 6E offers future  
teachers a comprehensive  
mathematics course designed to  
foster concept development  
through examples, investigations,  
and explorations. In this text,  
intended for the one- or two-  
semester course required of  
Education majors, Bassarear  
demonstrates that there are many  
paths to solving a problem, and  
sometimes problems have more  
than one solution. The author

# Access Free Math Countdown Week 4

presents real-world problems—problems that require active learning in a method similar to how archaeologists explore an archaeological find: they carefully uncover the site, slowly revealing more and more of the structure. Visual icons throughout the main text allow instructors to easily connect content to the hands-on activities in the corresponding Explorations Manual. With this exposure, future teachers will be better able to assess student needs using diverse approaches. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
