Natural Law may be one of the most riveting BDSM romantic suspense novels that I've ever read. This book was my introduction to Joey W. Hill and although there was a three year gap between the time I read Natural Law and when I rediscovered Joey's books, I never forgot how utterly captivated I was by it.

Natural law[1](Latin: ius naturale, lex naturalis) is a system of law based on a close observation of human nature, and based on values intrinsic to human nature that can be deduced and applied independent of positive law (the enacted laws of a state or society).[2] According to natural law theory, all people have inherent rights, conferred not by act of legislation but by "God, nature, or reason."
