The ONAN CCK Generator. Posted on April 14, 2011 by George B. I think it was Bill Perkins that told me the old CCK Onan was tough. Being a flat head twin, the fuel economy isn't that good, but many of these units were made in gasoline and propane conversions, and they have given their owners years of reliable service.

Each Cummins Generator has a model/spec number description, which is shown on the serial number tag attached to the generator. Here is a representation of the tag on Onan QG 4000. Note the highlighted letter code, in this case P, which denotes the specification type of the particular generator, which can then be referred to as spec P.
