Where can you view a rare handwritten letter by Mozart in the same building where a notorious gangster was once chained to a radiator? Whose remains are stored inside a suitcase on the upper shelf of a local German bar? Where is there a park hidden 120 feet below street level, and why is it the subject of an opera? What's the story behind the world's largest Lite-Brite and the city bus stop with giant steel flowers sprouting from it? The answers to these and many more questions about Minneapolis and Saint Paul are found within the pages of Secret Twin Cities. The Twin Cities metropolitan area invites visitors and locals to revel in nature, art, science, history, innovation, and, with this book as your guide, a bit of the unexpected. You'll play a musical sidewalk rilling, stand exactly halfway between the Equator and the North Pole, and explore the spot many Dakota people consider as the center of the earth. Weaved into delightful narratives by local writer Julie Jo Severson, Secret Twin Cities is a treasure chest of offbeat, extraordinary gems and legacies. Whether you're a local or here for a visit, you'll broaden your Twin Cities itineraries, bucket lists, and trivia vaults.

An honest, illustrated, detailed guide to the quintessential American city. Full coverage of all the neighbourhoods, including the downtown Loop and its prominent skyline, and ethnic enclaves like Greektown and Pilsen, plus signs from the Art Institute of Chicago to the shops on Michigan Avenue and all the Frank Lloyd Wright houses in Oak Park. Listings of restaurants, nightlife and accommodation cater for all budgets and include places to hear the Chicago Blues and engage in local pastimes such as rooting for the doomed Cubs baseball team. Tours and excursions to the North Shore are also listed.

Written by firefighters for firefighters, Elevator and Escalator Rescue: A Comprehensive Guide contains important information for technical rescue members, training officers, and fire company members alike. This engaging and assessable book details the risks involved in elevator and escalator rescues and how to face them successfully.
