targeted strategies need to be put in place to address different stakeholder groups (the lay public, dental practitioners, policy makers).

---

White Paper on Dental Caries Prevention and Management

Preventive dentistry is the practice of caring for your teeth to keep them healthy. This helps to avoid cavities, gum disease, enamel wear, and more.

---

Preventive Dentistry - Healthline

The NHS Cervical Screening Programme has introduced human papillomavirus (HPV) as the primary screening test in England. Almost all cervical cancers are linked to HPV and screening for high-risk strains of the virus means it can be monitored and any cell changes can be spotted early on, which could prevent around 600 additional cancers a year.
