If your providers aren ' t enrolled properly, you won ' t be paid properly. Every month enrollment is delayed, provider practice groups and health systems lose an average of \$100,000 for a single primary care provider. For specialty care, the losses are even more staggering at \$300,000 per physician every month. When technology-enabled enrollment processes replace cumbersome manual efforts, providers can see patients faster, get paid for patient care, and decrease the percentage of denied ...
