The Public Realm: Essays on Discursive Types in Political ...

Opinionated discursive writing. In these types of essays the student has to present the opinion of the writer on his own theory. The student has to conduct extensive research and provide information which supports the opinion of the writer. The opposite theory should also be present but the student will try to convince the readers that the ...

oriented philosophers and political thinkers of our day. Two sections out of four focus on the debate between prescriptive and descriptive types of political thinking. On the prescriptive or normative side, Karl-Otto Apel, Robert Paul Wolff, Robert Spaemann, Hans Jonas, and Jean-Francois Lyotard discuss current forms of legitimating political life via some ultimate grounding. On the descriptive or phenomenological side, Bernhard Waldenfels, Michel Henry, William J. Richardson, Jürgen Link, and Vincent Descombes argue that an understanding of praxis is always implied as one reaches insights into the life-world; there is no need to either construe or set normative standards for action. The remaining two sections deal with transcendental and institutional types of political philosophy, respectively. Manfred Riedel, Stanley Rosen, Thomas Seebohm,

and Ludwig Siep develop Kant's search for a priori conditions in the public realm; explicitly or implicitly, they confront the ancient Greek with the modern Enlightenment conceptions of life in public. Lastly, Agnes Heller, Alain Touraine, Reinhart Koselleck, and Bertram Schefold put to work many ways of looking at the life of our institutions.

What binds societies together and how can these social orders be structured in a fair way? Jeffrey C. Alexander's masterful work, *The Civil Sphere*, addresses this central paradox of modern life. Feelings for others--the solidarity that is ignored or underplayed by theories of power or self-interest--are at the heart of this novel inquiry into the meeting place between normative theories of what we think we should do and empirical studies of who we actually are. *Solidarity*, Alexander

Download File PDF Public Realm Essays Discursive

demonstrates, creates inclusive and exclusive social structures and shows how they can be repaired. It is not perfect, it is not absolute, and the horrors which occur in its lapses have been seen all too frequently in the forms of discrimination, genocide, and war. Despite its worldly flaws and contradictions, however, solidarity and the project of civil society remain our best hope: the antidote to every divisive institution, every unfair distribution, every abusive and dominating hierarchy. This grand, sweeping statement and rigorous empirical investigation is a major contribution to our thinking about the real but ideal world in which we all reside.

Immanuel Kant's legal philosophy and theory have played an enormous role in the development of law since the eighteenth century. Although this influence can be seen primarily in German law and in the law of nations which have traditionally been oriented toward German legal development, today Kant's philosophy has experienced a Renaissance in the Anglo-American legal world. This anthology collects what the editors believe to be the very best of articles on Kant's legal theory, with an emphasis on his *Metaphysics of Morals* of 1797. In

Download File PDF Public Realm Essays Discursive

particular the articles relate to: 1) the nature of law and justice, 2) private law, 3) public law, 4) criminal law, 5) international law, and 6) cosmopolitan law.

In *The Adventures of Transcendental Philosophy*, critical theory scholar Eduardo Mendieta examines the philosophical origins of discourse ethics through the prism of Apel's thought. Mendieta finds that Apel fundamentally transformed German philosophy, which had become stagnant in the years before World War II, and deeply influenced later thinkers such as Jürgen Habermas.

Questioning Ethics offers an unsurpassed overview of the state of ethical thinking today by some of the world's foremost philosophers, such as Habermas, MacIntyre, Ricoeur and Kristeva.

Pulitzer prize – winner Chris Hedges charts the dramatic and disturbing rise of a post-literate society that craves fantasy, ecstasy and illusion. Chris Hedges argues that we now live in two societies: One, the minority, functions in a print-based, literate world, that can cope with complexity and can separate illusion from truth. The other, a growing majority, is retreating from a reality-based world into one of false certainty and magic. In this “other society,” serious film and theatre, as well as newspapers and books, are being pushed to the margins. In the tradition of Christopher Lasch’s *The Culture of Narcissism* and Neil Postman’s *Amusing Ourselves to Death*, Hedges navigates this culture — attending WWF contests as well as Ivy League graduation ceremonies — exposing an age of terrifying decline and heightened self-delusion.

The editors, working with a team of 325 renowned authorities in the field of ethics, have revised, expanded and updated this classic encyclopedia. Along with the addition of 150 new entries, all of the original articles have been newly peer-reviewed and revised, bibliographies have been updated throughout, and the overall design of the work has been enhanced for easier access to cross-references and other reference features. New entries include * Cheating * Dirty hands * Gay ethics * Holocaust * Journalism * Political correctness * and many more.

In the absence of noble public goals, admired leaders, and compelling issues, many warn of a dangerous erosion of civil society, which includes families, religious organizations, and all other NGOs. Are they right? What are the roots and implications of their insistent alarm? How

Download File PDF Public Realm Essays Discursive

can public life be enriched in a period marked by fraying communities, widespread apathy, and unprecedented levels of contempt for politics? How should we be thinking about civil society? *Civil Society: The Critical History of an Idea* provides a comprehensive discussion and analysis of two and a half millennia of Western political theory, as well as how civil society might be understood in the future. John Ehrenberg analyzes both the usefulness and the limitations of civil society and maps the political and theoretical evolution of the concept and its employment in academic and public discourse. From Aristotle and the Enlightenment philosophers to Black Lives Matter and the Occupy movement, Ehrenberg provides an indispensable analysis of the possibilities of what this increasingly important idea can, and cannot, offer to contemporary political

Download File PDF Public Realm Essays Discursive

affairs. In this new, second edition Ehrenberg brings the historical overview up to present day, specifically considering how major events such as 9/11, the global financial crisis, economic inequality, and rapidly advancing technologies alter and shape our relationship to contemporary civil society. Civic engagement, political participation, and volunteerism in contemporary life has faded, he argues, and in order to bring civil society—and all its virtues—back to the fore, we need to counter the suffocating inequality that has taken hold in recent years. Thorough and accessible, *Civil Society* gives a sweeping overview of a foundational part of political life. Instructor's Guide

This collection of essays brings Arendt's work into dialogue with contemporary philosophical views.
