Red Schuhart is a stalker, one of those young rebels who are compelled, in spite of extreme danger, to venture illegally into the Zone to collect the mysterious artifacts that the alien visitors left scattered around. His life is dominated by the place and the thriving black market in the alien products. But when he and his friend Kirill go into the Zone together to pick up a "full empty," something goes wrong. And the news he gets from his girlfriend upon his return makes it inevitable that he'll keep going back to the Zone, again and again, until he finds the answer to all his problems. First published in 1972, "Roadside Picnic" is still widely regarded as one of the greatest science fiction novels, despite the fact that it has been out of print in the United States for almost thirty years. This authoritative new translation corrects many errors and omissions and has been supplemented with a foreword by Ursula K. Le Guin and a new afterword by Boris Strugatsky explaining the strange history of the novel's publication in Russia.

In its first-ever unexpurgated edition, a sci-fi landmark that's a comic and suspenseful tour-de-force, and puts distraction in a whole new light: It's not you, it's the universe! Boris and Arkady Strugatsky were the greatest science fiction writers of the Soviet era: their books were intellectually provocative and riotously

funny, full of boldly imagined scenarios and veiled—but clear—social criticism. Which may be why Definitely Maybe has never before been available in an uncensored edition, let alone in English. It tells the story of astrophysicist Dmitri Malianov, who has sent his wife and son off to her mother's house in Odessa so that he can work, free from distractions, on the project he's sure will win him the Nobel Prize. But he'd have an easier time making progress if he wasn't being interrupted all the time: First, it's the unexpected delivery of a crate of vodka and caviar. Then a beautiful young woman in an unnervingly short skirt shows up at his door. Then several of his friends—also scientists—drop by, saying they all felt they were on the verge of a major discovery when they got . . . distracted . . . Is there an ominous force that doesn't want knowledge to progress? Or could it be something more . . . natural? In this nail-bitingly suspenseful book, the Strugatsky brothers bravely and brilliantly question authority: an authority that starts with crates of vodka, but has lightning bolts in store for humans who refuse to be cowed. From the Trade Paperback edition.

When Maxim, a space explorer from Earth, accidentally discovers a planet inhabited by humanoids who destroy his spaceship, he thinks of himself as a modern-day Robinson Crusoe. But after his experiences in the planet's nightmarish military and mental health facilities, he begins to realize that his sojourn on this radioactive and war-scarred world will not be a walk in the park. The Inhabited Island is one of the Strugatsky brothers' most popular and acclaimed novels, yet the only previous English-language edition was based on a heavily censored version. Now, in a sparkling new

translation by award-winning translator Andrew Bromfield, this landmark novel can be newly appreciated by both longtime Strugatsky fans and new explorers of the Russian science fiction masters' astonishingly rich oeuvre.

Arkady and Boris Strugatsky are widely known as the greatest Russian writers of science fiction, and their 1964 novel *Hard to Be a God* is considered one of the greatest of their works. It tells the story of Don Rumata, who is sent from Earth to the medieval kingdom of Arkanar with instructions to observe and to influence, but never to directly interfere. Masquerading as an arrogant nobleman, a dueler and a brawler, Don Rumata is never defeated but can never kill. With his doubt and compassion, and his deep love for a local girl named Kira, Rumata wants to save the kingdom from the machinations of Don Reba, the First Minister to the king. But given his orders, what role can he play? *Hard to Be a God* has inspired a computer role-playing game and two movies, including Aleksei German's long-awaited swan song. Yet until now the only English version (out of print for over thirty years) was based on a German translation, and was full of errors, infelicities, and misunderstandings. This new edition—translated by Olena Bormashenko, whose translation of the authors' *Roadside Picnic* has received widespread acclaim, and supplemented with a new foreword by Hari Kunzru and an afterword by Boris Strugatsky, both of which supply much-needed context—reintroduces one of the most profound Soviet-era novels to an eager audience.

From the author of *White Tears*, this bestselling, award-

winning novel of a young man ' s journey explores what it means to be Indian or English, black or white, and every degree that lies between. Pran Nath Razdan, the boy who will become the Impressionist, was passed off by his Indian mother as the child of her husband, a wealthy man of a high caste. Pran lived a life of luxury just downriver from the Taj Mahal, but at fifteen, the news of Pran ' s true parentage is revealed to his father and he is tossed out into the street—a pariah and an outcast. Thus begins an extraordinary, near mythical journey of a young man who must reinvent himself to survive—not once, but many times. From Victorian India to Edwardian London, from an expatriate community of black Americans in Paris to a hopeless expedition to study a lost tribe of Africa, Hari Kunzru ' s unforgettable debut novel dazzles with its artistry and wit while it challenges with its insights into the self, nationality, race, and beyond.

A collection of essays and a book review relating to Roadside Picnic, the Soviet science fiction novel by Arkady and Boris Strugatsky. Topics include: *Close reading of the novel to unlock its mysteries.

*Translation triumphs and errors. *A British novel that had a profound influence on Roadside Picnic. *The critical reception of Roadside Picnic in the West. *The original plan for Roadside Picnic and the terrible compromise that came.

Space Apprentice, Monday Begins on Saturday, Noon: 22nd Century, Space Mowgli, The Ugly Swans, The Final Circle of Paradise, Far Rainbow, Beetle in the Anthill, The Second Invasion from Mars, The Time Wanderers, The Kid from Hell, The Doomed City, Escape Attempt, Definitely Maybe, Dead Mountaineer's Hotel, Tale of the Troika, The Land of Crimson Clouds, Search for Designation or Twenty Seventh Theorem of Ethics, The Way to Amalthea, Devil amongst people, Stalker. Excerpt: Roadside Picnic (Russian: , Piknik na obochine, IPA:) is a short science fiction novel written by Arkady and Boris Strugatsky between January 18 and November 3 of 1971. As of 1998, 38 editions of the novel were published in 20 countries. The novel was first translated to English by Antonina W. Bouis. The preface to the first American edition of the novel (MacMillan Publishing Co., Inc, New York, 1977) was written by Theodore Sturgeon. The film Stalker directed by Andrei Tarkovsky is loosely based on the novel, with a screenplay written by the Strugatskys. The story was written by Strugatsky brothers in 1971 (the first outlines written January 18-27, 1971 in Leningrad, with the final version completed between October 28 and November 3, 1971 in Komarovo.) In 1977, the novel was first published in the United States in English. Roadside Picnic was refused publication in the Soviet Union for eight years due to government censorship and numerous delays. The heavily censored different versions published between 1980 and 2000 have little in common with the original version written by the authors. Soviet censors rewrote major plot points, changed names of characters and dialog to better reflect the...

Today, Arkady and Boris Strugatsky are counted among the best science fiction writers of the twentieth century, but their relationship with the late-Soviet literary establishment in their home country of Russia was often fraught. Acclaimed during the brief Khrushchev Thaw, the Strugatskys began to fall from grace in the late 1960s as publishers became increasingly reluctant to release their works. The authors' inability to publish, however, diminished neither their productivity nor their popularity among readers. Their novels and short stories, retyped by hand, circulated widely through unofficial channels within the Soviet Union and occasionally turned up abroad in unauthorized translation. The nested novels *Ugly Swans* and *Lame Fate* offer insight into this period of enforced silence. Never before translated into English, *Lame Fate* is the first-person account of middle-aged author Felix Sorokin. When the Soviet Writers' Union asks him to submit a writing sample to a newfangled machine that can supposedly evaluate the "objective value" of any literary work, he faces a dilemma. Should he present something establishment-approved but middling, or risk sharing his unpublished masterpiece, which has languished in his desk drawer for years? Sorokin's masterwork is *Ugly Swans*, previously published in English as a standalone work but presented here in an authoritative new translation. *Ugly Swans* chronicles the travails of disgraced literary celebrity Victor Banev, who returns to his provincial hometown to find it haunted by the mysterious clammys—black-masked men residing in a former leper colony. Possessing supernatural talents, including the ability to control the weather, the clammys terrify the town's adult population but enthrall its teenagers,

Download Ebook Roadside Picnic Arkady Strugatsky

including Banev's daughter Irma. Together, *Lame Fate* and *Ugly Swans* illuminate some of the Strugatskys' favorite themes—the (im)possibility of political progress, the role of the individual in society, the nature of honor and courage, and the enduring value of art—in consummately entertaining fashion. By turns chilling, uproarious and moving, these intertwining stories are sure to delight readers from all walks of life.

First English U.S. PREMIUM HARDCOVER Edition of the cult dystopia "METRO 2033". * * * *Metro 2033* tells the story of a young man named Artyom who goes a long way to save his world from mortal danger. The book describes the consequences of an atomic war. Its only survivors strive for existence in the mazes of the Moscow subway (Metro) some two decades after the nuclear Holocaust. Formally a sci-fi novel, *Metro 2033* describes a dystopia, in which Russia's present-day society is superficially analyzed and described. It also critically examines communism in the former Soviet Union and the rise of fascism in modern Russia. Over 2,000,000 copies of *Metro 2033* have been sold worldwide. Foreign book rights have been sold to more than 37 countries. The franchise gave birth to two cult video games, *Metro 2033* and *Metro Last Light*. Film rights were optioned by MGM Studios in Hollywood.

A hilarious spoof on the classic country-house murder mystery, from the Russian masters of sci-fi—never before translated *When Inspector Peter Glebsky* arrives at the remote ski chalet on vacation, the last thing he intends to do is get involved in any police work. He 's there to ski, drink brandy, and loaf around

Download Ebook Roadside Picnic Arkady Strugatsky

in blissful solitude. But he hadn't counted on the other vacationers, an eccentric bunch including a famous hypnotist, a physicist with a penchant for gymnastic feats, a sulky teenager of indeterminate gender, and the mysterious Mr. and Mrs. Moses. And as the chalet fills up, strange things start happening—things that seem to indicate the presence of another, unseen guest. Is there a ghost on the premises? A prankster? Something more sinister? And then an avalanche blocks the mountain pass, and they're stuck. Which is just about when they find the corpse. Meaning that Glebsky's vacation is over and he's embarked on the most unusual investigation he's ever been involved with. In fact, the further he looks into it, the more Glebsky realizes that the victim may not even be human. In this late novel from the legendary Russian sci-fi duo—here in its first-ever English translation—the Strugatskys gleefully upend the plot of many a Hercule Poirot mystery—and the result is much funnier, and much stranger, than anything Agatha Christie ever wrote.
