The final book in the completed psychic detective series. Jane's life had never been ordinary. Why should it start now? When she found out she could make the angels she saw become corporeal, there was no way she could stop at just one, not when she could have all of them. It's hard to juggle three angels in her life and in her bed, but between her wits and their powers, Jane's detective agency has never done better. Now, a handsome billionaire needs her help solving a theft at the fashion show he is staging, but her services aren't all that he's after, and there's more going on behind the scenes than Jane could imagine, both on the case and in the heavens above. Crazy fashionistas, rogue angels who want Jane's special gifts, and a greater threat from on high won't hinder Jane from solving the mysteries of Blessed Falls... or die trying.
