I've taken 2 other CLEP tests without your assistance and failed miserably by several points. I walked into that test center today with the utmost confidence and passed with a 53 with having read your material only twice. Please publish this testimonial! I am the happiest guy in the world right now because you made it possible for me to graduate with my B.S. in October! Thank you thank you! -Allan B.

REA's Essentials provide quick and easy access to critical information in a variety of different fields, ranging from the most basic to the most advanced. As its name implies, these concise, comprehensive study guides summarize the essentials of the field covered. Essentials are helpful when preparing for exams, doing homework and will remain a lasting reference source for students, teachers, and professionals. Sociology reviews sociological perspectives, methods of research, socialization and self-formation, cultures, society, theories of societies, social structure and the social process, social groups and organizations, deviance, law and crime, the family, social stratification, gender and sexuality, ethnicity and race, aging and the elderly, health care, collective behavior, social movements and social change.

Students and social workers preparing for the social work Masters licensure exam will find an invaluable study resource in theSocial Work ASWB® Masters Exam Guide. Written by a prominent social work leader and trainer for social work licensing exams in the U.S., the guide is based on years of time-tested exam prep workshops conducted by the author. It mirrors the ASWB Masters' "Knowledge, Skills, and Abilities" upon which the exam is based, as well as incorporates information from the DSM-5, which will be included in the exam starting in mid-2015. The guide is comprehensive yet focused on the material most likely to be included on the exam, so that students can prioritize information as they study. A self-assessment section helps readers identify their strengths and weaknesses before they tackle the material. The author shares her extensive knowledge of the exam by providing useful test-taking strategies and tips for overcoming test anxiety. The 170-question practice test at the end of the guide (with explanations of the correct answers) mirrors the actual exam in both length and structure.
