Statistics Workbook For Dummies with Online Practice provides succinct content reviews for every topic, with plenty of examples and practice problems for each concept, in the book and online.

PDF Download Statistics Workbook For Dummies Free

The best stats book I have read so far (by far the most cost effective). Explains concepts and equations very well, and why they are important. Also, the book is very good at pointing out when statistics falls short, and how statistical methods can be misused. I plan to read the Stats II book (Dummies, and same author) right after this one.

Amazon.com: Customer reviews: Statistics Workbook For Dummies
