Bergman

The intention of sustainable design is to

"eliminate negative environmental impact completely through skillful, sensitive design".

Manifestations

Bookmark File PDF

of sustainable design require renewable resources, impact the environment minimally, and connect people with the natural environment.

*Sustainable
design -
Wikipedia*
Page 40/54

Bookmark File PDF

Sustainable design is the term we've chosen to represent the intelligent application of the principles of sustainability to the realm of engineering and design. This guide focuses on
