For an award winning book, UP JUMPS THE DEVIL by Margaret Maron is a grave disappointment. Judge Deborah Knott's family relations are explained, but why the murder was committed isn't. It is as if since the series began as a cozy mystery the frame must remain and the author fills in the blanks of family, rural south culture, changing values, and traditions.

[Up Jumps the Devil: Maron, Margaret: Amazon.com.au: Books](#)

Up Jumps the Devil is a book more about the past than the previous three in the series. We get to meet Allen Stencil, who has a history with Deb. And we also get to meet some more of Kezzie Knott's neighbors. The mystery is all about land and how it's inherited when people die. And a couple of people definitely die in this book.
